

PowerMax® Complete QuickFit Kit

Helping Your Business Do More Business

Now it's easier than ever to make sure you cover every customer's entire home security needs – with the PowerMaxComplete QuickFit Kit. Each kit includes everything you need, from your first sales visit through to a finished installation.

In every kit you'll get a free professional leather-style folder and pen*, with a pad of survey forms covering the full "A to Z" of home security, from Accessories, to Control Panels, to Zones – and everything in between. We've also included sales literature, all of which can be re-ordered as needed.

Remember, PowerMaxComplete kits are pre-programmed and ready to install. You'll get everything you need for a simple installation, including batteries, all in one package.

No wires. No mess. No fuss!

Other great features include:

- Pet-tolerant or standard PIR kits available
- Scaleable up to 28 wireless zones
- Keyfob-operated for up to eight users (two-way LCD version also available)
- Onboard voice and central station dialler
- New MCS-730 wireless outdoor siren included with integral LED
- Over 30 other wireless accessories available, including TOWER-20AM MCW outdoor motion sensor - the ultimate in external wireless protection

FREE!
